Director: Tim Wehner
28320 S Walker Road
Harrisonville Missouri 64701

Profession: Forester and Educator, (Independent)

Professional Certifications and Education

2006 Master Naturalist, Missouri Department of Conservation (Graduate Dec. 2006)

1982 Bachelors of Science, Horticulture, University of Missouri-Columbia

Professional Memberships (Not for Profit Organizations)

Member, Missouri Department of Conservation Grow Native Program

Background

Mr. Wehner is a regional expert in the identification and management of native overstory and understory forests in the Osage Plains, Ozark Highlands, and Dissected Plains ecoregions of Missouri. He presently participates in numerous volunteer efforts with the Missouri Department of Conservations as a Certified Master Naturalist, and as such is very experienced in working on not-for-profit initiatives with many local conservation groups including Bridge the Gap and KC Wildlands.

His experience will be extremely beneficial to the Midwest Mitigation Oversight Association as he can evaluate what necessary forest management activities may be required on mitigation sites through the perpetual life of the conservation easement.
